PEER LEARNING GROUPS

Bringing together sustainability professionals to connect, share and learn

PROGRAMME OVERVIEW

Facing tough challenges in the constantly evolving world of sustainability and feeling the pressure from both consumers and shareholders, sustainability professionals across the globe are looking for opportunities to connect with their peers for insights and knowledge sharing.

Peer Learning Groups at the UN Global Compact create a safe space for companies to share their challenges, ideas for the future, and insights into emerging good practice with like-minded professionals, while gaining access to industry experts and unique networking opportunities.

Run in collaboration with Global Compact Local Networks, Peer Learning Groups in 2024 will focus on six priority issue tracks — **climate action, gender equality, living wage, water resilience, finance & investment** and **SMEs** — with the goal of moving companies forward in taking ambitious action on these issues.

PRIORITY ISSUE TRACKS

WHAT YOU WILL GAIN

- A safe space for challenging and courageous conversations, facilitated by thematic expert
- A community, network and support system of sustainability professionals and industry experts
- Knowledge, insights and inspiration to advance your company's sustainability journey

ELIGIBILITY

To participate in UN Global Compact Peer Learning Groups, companies are required to meet the following criteria:

- Be a participant of the UN Global Compact in good standing
- Currently engaged with a Global Compact Local Network in your country or willing to join
- Able to appoint two representatives that can commit to joining 4 to 6 sessions annually
- Willing to candidly share, learn and engage with peers. Active participation and active listening are key to peer-to-peer learning
